School of Electrical and Computer Engineering
REQUEST FOR SPECIAL PROBLEM FOR GRADUATE STUDENTS

IMPORTANT: This form must be accompanied by a one-page description of the problem to be undertaken.

In order to register for a special problem course (ECE 8901, 8902, or 8903), this form must be completed and must be accompanied by a one-page description of the problem. No more than **three credit hours of special problems can be taken per term. Special Problem hours can only be used as elective hours.** PhD students are permitted to use Special Problem hours toward the elective portion of their coursework requirement only after the hours are certified to be PhD quality by the Associate Chair of Graduate Affairs. Students cannot double count work done simultaneously as a GRA or for ECE9000 or ECE7000 towards ECE 890x credit.

The special problem description which accompanies this form must clearly state:

1. The problem to be studied
2. The approach to be taken to solve the problem
3. The expected outcome
